

ROBERTS

C Y C L E S

C U S T O M B U I L T B Y H A N D

ROAD CLASSIC

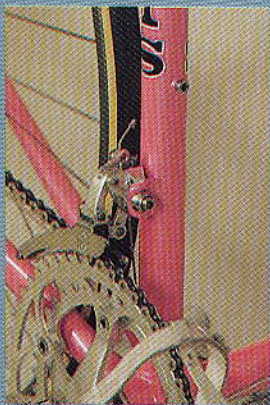

The Road Classic is a perfected frame combining a comfortable yet responsive ride suited for longer road races and triathlon.

LOW PROFILE

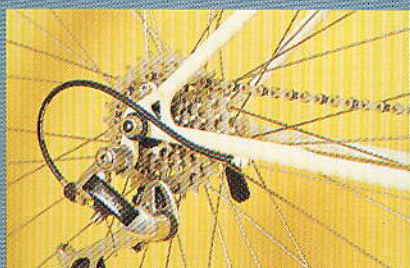

The Low Profile is the ultimate time trial and triathlon road machine that sets a standard that others have yet to follow.

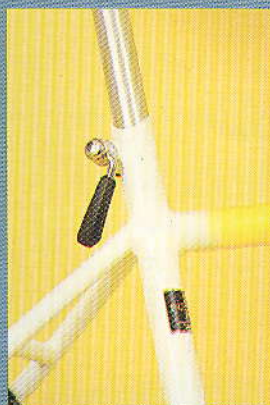

CRITERIUM

The Criterium's sharp handling and responsive ride make it ideal for shorter more demanding courses such as criteriums and short time trials.

WHITE SPIDER

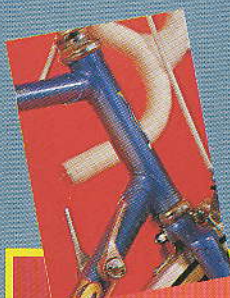

The White Spider is the off-road market leader revered by many mountain bike enthusiasts. The upright geometry has been perfected to suit the rigours of European terrain.

TOURING

The Touring has been designed for longer distance trans-global riding, capable of tackling the most arduous climbs under the heaviest of loads in maximum comfort and style.

AUDAX

The Audax is a light responsive design suited for shorter distances that will be ridden at a fast pace.

TRIATHLON

Triathlon. We will build any type of bike to suit your triathlon needs including the latest in triathlon equipment that is unique to the sport.

Roberts Cycles of Croydon are the most respected bicycle craftsmen in the country. The experience and innovation of over 50 years in the trade have given Roberts a world-wide reputation as builders of frames that have been ridden to Olympic and World titles. Each Roberts frame is totally unique, hand worked to suit your cycling requirements whatever they may be, from off-road touring

to six-day riding.

All Roberts frames are created, designed and finished in our production workshops and showrooms in south London. If you would like to know more about Roberts Cycles frames, write or call for a consultation about your cycling needs and discover why Roberts is the name that professionals trust.

Roberts Cycles, 89 Gloucester Road, Croydon, Surrey CR0 2DN. Telephone 01-684-3370.
