Go for it!!!-the 1984 MEDICI

Are you 5'2" or less? . . . Ask for our special brochure—the MEDICI Pro-Minimo, three sizes—15, 16 & 17 inch seat tube lengths.

All Sizes In Stock — Immediate Delivery

MEDICI BICYCLES

In 1978, the MEDICI road racing bicycle made its appearance in the U.S.A. Manufactured in Los Angeles, the name MEDICI was selected as being illustrative of the dedicated craftsmanship of the Italian renaissance.

A product of experienced, professionally trained experts, MEDICI is designed and manufactured along classic Italian racing lines. A production bicycle, it is constructed in optimum angle and tube length for each of its 18 seat tube sizes between 46.5 and 65 cm. The Pro Minimo was introduced in 1983.

Handcrafted in the most fully equipped factory of its kind in the world and machine quality controlled, these bicycles employ all of the most sophisticated current technology in the field.

MEDICI bicycles are built of brass-brazed Columbus SL & SP double butted steel tubing, depending on the seat tube length. They feature:

- Eyeletted seat stays with maximum lug contact
- Chrome dropouts (front and rear), chromed right chain stay, fully chromed fork
- Smooth indent-free chain stays
- Brazed-on guides, stops and fixtures
- Specialized bridge reinforcing
- Investment cast lugs, fork crown and bottom bracket shell
- Cross-grooved drop-outs

No short-cuts are taken during filing, sand blasting, pickling (acid bath) and paint priming. Colors are lustrous, electrostatically applied, oven-cured and rendered safe and beautiful by special prismatic decals and clear coat top lacquer.

Framesets are available in the nine 1984 colors and five platings in "completed" ready-to-ride form, as shown in the specifications.

Fitments for down tube derailleur shift levers are provided as a matter of course but stops for handlebar shift cables are available upon specific order at no additional cost. Triathlon configuration (2 water bottles & pump under top tube) and Campagnolo brazed-on front derailleur were added to the MEDICI program in 1983. This year an internal cable system is optional. Ask about it.

All sizes of MEDICI are in STOCK on both the East and West Coast of the U.S.A. Delivery is immediate!

Ride & race safely on steel!

Specifications

MEDICI pro strada

STEELWORK

Slotted steering column and bottom bracket are Italian threaded. All bridges and supports are separately reinforced and stiffened.

Frame & Fork	Columbus double butted SP on frames 59 cm & larger, SL on 58 cm & smaller
Seat & Chain Stays	Spaced to accept narrow spaced 7-speed or conventional 6-speed freewheel. 5-speed design available on special order at no additional cost.
Lugs	Rexart investment cast
Bottom Bracket Hanger	Cinelli investment cast
Fork Crown	Haden investment cast
Dropouts	Rexart slotted, investment cast

COMPONENTS

All Italian threaded except as noted.

Headset	Campagnolo SUPER RECORD
Brakes	Campagnolo SUPER RECORD (short reach)—recessed with yellow cable housing
Bottom Bracket	Campagnolo Nuovo Record
Cranks	Campagnolo SUPER RECORD 170 mm to 59 cm 175 mm over 59 cm
Chainrings	Campagnolo SUPER RECORD 42/52T to 59 cm 42/53T over 59 cm
Derailleurs	Campagnolo SUPER RECORD (front & rear) with braze-on option
Pedals	Campagnolo Superlight BLACK Road Pedals
Hubs	Campagnolo SUPER RECORD 36 hole, low flange, BSA thread
Seat Post	Campagnolo SUPER RECORD 180 mm long — 27.2 mm diameter
Seat Post Bolt	Hague Stainless Steel
Rims	Ambrosio Montreal Durex Gray, Heat Treated, 36 hole
Spokes	DT 14 or 15 straight gauge, stainless steel
Tires	Clement Silk
Freewheel	Regina CXS, BSA thread, splined body (7 speed)
Chain	Regina CXS (narrow)
Toe Clips	Campagnolo short, normal or long — according to frame size
Toe Straps	MEDICI, with buttons
Water Bottle	Cobra yellow plastic aerodynamic
Water Bottle Cage	Cobra profile black alloy, SS screws
Pump	Silca Frame-fit, color matched to bicycle frame with Campagnolo "blue foot" steel head
Saddle	MEDICI Concor
Stem	MEDICI engraved-black anodized-length according to frame size
Handlebar	MEDICI engraved-black anodized, double taped

BRAZE-ON FEATURES

- A. Top Tube brake cable tunnels (3)
- B. Campagnolo Bottom Bracket derailleur cable guides. Placed on top for painted framesets, underneath for plated framesets.
- C. Campagnolo over or under right rear chain stay cable stop (1)
- D. Down Tube and Seat Tube water bottle cage fittings (2)
- E. Down Tube derailleur guides (2)
 - 1. Shift lever bosses, or
 - 2. Fingertip control cable stops
- F. Campagnolo Front Derailleur
- G. Chain Hanger
- H. Pump Peg under Top Tube
